Progress in Organic Coatings, 16 (1989) 391 - 392

Contents of Volume 16

Vol. 16, No. 1

Publishers' Note v

Special Notice. 1

REVIEW PAPERS

Surface treatment of pigments 3
J. Schröder (Ludwigshafen, F.R.G.)

Recent development in water-based resins for surface coatings 19
M. Basu, S. C. Pradhan, S. Ghosh and N. C. Maity (Howrah, India)

RESEARCH PAPERS

Preparation of latex particles by emulsion polymerization with amphoteric surfactants and interactions of latex particles thus prepared and pigments 51
K. Kato, R. Endo, K. Esumi and K. Meguro (Tokyo, Japan)

Activity coefficients in polymer solutions 77
J. Holten-Andersen and K. Eng (Hørsholm, Denmark)

Forthcoming Meetings 99

Vol. 16, No. 2

Special Editorial 101

Special Notice. 111

REVIEW PAPERS

Fluoropolymers as coating material. 113
S. Munekata (Yokohama, Japan)

Thermal mechanical analysis of organic coatings 135
D. J. Skrovanek and C. K. Schoff (Allison Park, PA, U.S.A.)

RESEARCH PAPERS

The use of calcium resinate in the formulation of soluble matrix antifouling paints based on cuprous oxide 165
C. A. Giúdice, B. del Amo and V. J. D. Rascio (La Plata, Argentina)

Aging of magnetic coatings 177
H. F. Huisman, M. T. Kroes and R. C. F. Schaake (Oosterhout, The Netherlands)

Some developments in the analysis of crosslinked resinous systems and their components 197
J. K. Haken (Kensington, N.S.W., Australia)

Book Review 211

Forthcoming Meetings 213

© Elsevier Sequoia/Printed in The Netherlands

Vol. 16 No. 3

REVIEW PAPERS

Influence of barrier pigments on the performance of protective organic coatings . . . 219
B. Biegańska, M. Zubielewicz and E. Śmieszek (Gliwice, Poland)

Inhibitors for unsaturated polyesters and varnishes prepared from them. 231
J. Novák (Pardubice, Czechoslovakia)

RESEARCH PAPERS

The effect of concentration on the cathodic electrodeposition process. 255
V. B. Mišković-Stanković and M. D. Maksimović (Belgrade, Yugoslavia)

CPVC relationships III. The real CPVC and its relationship to Young's modulus, magnetic moment, abrasive wear and gloss 265
R. C. F. Schaake, J. A. M. v.d. Heijkant and H. F. Huisman (Oosterhout, The Netherlands)

AC impedance of painted and scribed steel panels under atmospheric exposure 277
B. Fastrup and A. Saarnak (Hørsholm, Denmark)

Book Review 291

Forthcoming Meetings 293

Vol. 16, No. 4

REVIEW PAPERS

Film-forming electropolymerization 295
Z. Adamcová and L. Dempírová (Prague, Czechoslovakia)

Recent advances in coatings characterization by photoacoustic FT-IR spectroscopy 321
M. W. Urban (Fargo, ND, U.S.A.)

Light-induced chemical reactions in reproduction techniques (printing plates; photoresist materials). 355
K.-P. Jäckel (Ludwigshafen, F.R.G.)

RESEARCH PAPER

Curing of non-pigmented alkyd coatings detected by *in-situ* photoacoustic Fourier transform infrared spectroscopy (PA FT-IR). 371
E. M. Salazar-Rojas and M. W. Urban (Fargo, ND, U.S.A.)

Forthcoming Meetings 387
